

Dear Experts, Scholars, and Entrepreneurs, from Industry and from Academia

Sincere Invitation for industry and academic individuals to provide presentations and to participate

International Forum on Large & Complex Project Management

15-18 Apr. 2010, Shanghai, China

We are very pleased to inform you that the International Forum on Large & Complex Project Management will be held on 15-18 April 2010 in Shanghai, China just before the 2010 World Expo opening on May. Registration for the event takes place during April 15th and the duration of the forum is three days including two meeting days and one day devoted to a social program. In addition, there will be a visit to the Expo 2010 site. The accommodation location is Days Hotel of Tongji which lies in 50, Zhangwu Road, Yangpu District, Shanghai, P.R. China. (http://www.daysinn.cn/english/hotel/tongji_a.htm, Tel: 86-21 33626888). This is our sincere invitation for your attendance. The organizers have reserved several rooms in this hotel for the participants of the forum from abroad and China. So when booking, the participant may state his/her forum status, which will make the booking process more easier.

Also, we would like to warmly invite you to submit topics for presentations if you have an interest to share and discuss your insights or recent results with other participants. Please note the deadline for speech topic submission: March 1st, 2010). This great international forum is organized, co-organized and sponsored by 15 national and international organizations, and we will invite and attract numerous experts, researchers, scholars, and entrepreneurs from China, Finland, USA, Britain, Australia and different parts of the world. Industry and public sector representatives, researchers and students are most welcome. Please notice that the forum organizer will provide lunch and dinner and that there is no conference fee, However, the fees for travel and accommodation should be paid by yourself.

The theme of the Conference is "[Large & Complex Project Management Research and Practice in an Era of Globalization and Economic Fluctuations](#)" and several sub-themes covering a wide range of research areas in Large & Complex Project Management such as Network , Stakeholders , Collaboration and so on. The aims are to contribute to vision creation, knowledge advancement, and research cooperation in the field of international large & complex project management.

Critical deadlines/activities are:
